

NITRO-X

 **RIDGEWATER**
COLLEGE

ABOUT **NITRO-X**

NITRO-X is a multi-location 3 day camp where students entering 6-9th grade in the fall build, paint, test, and drive remote controlled cars.

CAMPS are led by college and or high school instructors and mentored by a variety of industry professionals, college and high school students.

LEARN about how vehicles work, build your confidence with technical skills, work in teams to develop life and employability skills and gain exposure to industry by going on tours of local businesses and have fun showing off your skills at the end of the week with a race! The families of campers are encouraged to come and cheer them on!
