

MINNESOTA STATE

Transportation Center of Excellence

YOU'RE ALREADY A MASTER TECH, NOW IT'S TIME TO BECOME A MASTER TEACHER.

Earn your bachelor's degree and more at St. Cloud State University

THE BENEFITS

It's a lot of work to go back to school and work full-time but we think the benefits are worth it.

- + Earn your degree alongside your peers
- + Focus on applied learning, not theory
- + Hybrid and asynchronous course opportunities
- + Learn how to better support your students learning
- + Advance columns on the MSCF pay scale
- + You can use your tuition waiver benefits from MSCF

DEGREE INFORMATION

Earn your bachelor's degree at St. Cloud State University in Elective Studies with an emphasis in transportation technology.

SUMMER COHORT

The summer cohort is launching in 2024 and will include 2 hybrid courses. These courses will include online pre-work, an in-person 3 day workshop in St. Cloud, and online post-work. There will be required summer courses each year that will focus on things you can take back to the classroom with you for your fall classes.

*The deadline to join the cohort is January 1st, 2024

LEARN MORE

If you're interested in joining the summer of '24 cohort, please get in touch with Chuck Hentges at SCSU. More information is online! Scan the QR code below or type the URL into your web browser.

DEFINITION OF MSCF SALARY COLUMNS

Column I

All faculty members who do not possess the academic credentials described below shall be placed on Column I.

Column II

Bachelor's degree or one hundred twenty (120) undergraduate semester credits.

Column III

Master's degree in the credential field, or a master's degree with fifteen (15) graduate semester credits (twenty-three (23) graduate quarter credits) in the credential field, or bachelor's degree with twenty-four (24) graduate semester credits (thirty-six (36) graduate quarter credits) in the credential field.

Column IV

Master's or doctoral degree with thirty (30) graduate semester credits (forty-five (45) graduate quarter credits) in the credential field.

Column V

Master's or doctoral degree with forty-five (45) graduate semester credits (sixty-eight (68) graduate quarter credits) in the credential field.

TUITION WAIVER

Faculty Members Use

Faculty in unlimited full-time and unlimited part-time positions, regardless of whether the individual faculty member has completed the faculty member's probationary period, and fixed-term full-time positions may themselves enroll, with tuition-waiver benefits, in up to twenty-four (24) credits at any Minnesota State Colleges and Universities institution, per annual tuition-waiver usage period, as defined in Subd. 5.1.

Annual Tuition-Waiver Usage Period

Tuition-waiver benefits for which a faculty member (and/or the faculty member's spouse and/or dependent(s)) is eligible may be used only in the period from the first day of the fall semester of the same academic year (in which the tuition-waiver benefit is earned) through the day before the start of the succeeding fall semester. Tuition-waiver benefits for which a faculty member becomes eligible in spring semester may only be used in spring semester through the day before the start of the succeeding fall semester.

HOW DO I REQUEST A COLUMN CHANGE?

You may request a column change if you complete the requisite credits required for the next column. Under the terms of the MSCF contract, you must submit a written intent to change columns to Human Resources prior to the start of the semester in which the column change will take effect.
